PROJECTS

LIFECYCLE WebApp https://lifecycle380.herokuapp.com/   Dec 2021
- Manage a team of 4 to build an application that provides users an easy way to find recycling places near them.
- Used node.js, and React.js to create the app with Google-maps API to retrieve the maps and location, Amazon Cognito API for the login information, and OpenNYC JSON and earth911 API data for the recycling places.

GAMEDIA WebApp   Apr 2021
- Worked on a team of 2 people to build an application that provides gamers a place to upload media files and share with other users.
- Designed the Wireframe of the application using Figma. Created the front-end using react.js, node, and Bootstrap.

CUNY Hackathon   Apr 2019
- Created a user-friendly application in a team of 5 that uses the smartphone camera to analyze objects and demonstrate where you can recycle them and won the sustainable award and Second best application out of 20 teams.
- Used React Native to code the mobile app and used the Earth911 and NYCopendata API to gather recycling information, and designed the layout and color palette of the application using Adobe XD and Figma.

RELEVANT EXPERIENCE

CUNY Tech Prep   New York, NY
Software Developer Fellow   Jun 2020 – May 2021
- Selected for a technical training program, as one of 180 students out of 400+ applicants.
- Learn in-demand technologies like React, Node + Express, and PostgreSQL as well as industry best practices for design, implementation, and deployments such as MVC, version control with Git/GitHub, agile & Scrum with Trello and Slack, test-driven development, and CI/CD.

Tesercom DO   Santo Domingo, DR
IT Intern   Jun 2017 – Sep 2017
- Provided IT support for 4+ companies with 30+ employees each verifying connection points failure on their LAN and WAN Networks.
- Updated the IT infrastructure with new servers, switches, and routers of 2 clients to be more resilient.
- Set up group policies on a windows server, and set up two VoIP systems using Asterix on a cloud server using Azure and a virtual machine on a local server running VMWare.

SUPPORTING EXPERIENCE

Uniqlo   New York, NY
Sales Associate   Dec 2018 – Apr 2020
- Operated the cash register and point-of-service credit-card system to process customer payments.
- Handled and resolved customer orders and issues, responded to specific needs, and ensured excellent customer service.

New York City Urban Debate League   New York, NY

Staff   Dec 2017 - May 2019
- Mentored a group of 20 middle schoolers from immigrant families on how to become a better Debater and how they can improve their English and native language by debating with other students.
